About Us

Our company started its production by producing aluminum kitchen cookware sets about 48 years ago. Saray Mutfak company is an indispensable brand of the kitchenware sector today.

The production facility of our company is located in Avclar district in Istanbul with in a closed area of 11.000m2. Saray Madeni Eşya company has become one of the well-established companies in Turkey.

Our company is increasing its production capacity day by day. Also it continues in the sector as a manufacturer of stainless, steel kitchenware and aluminum PTFE. Saray Madeni Eşya company reaches almost every point of Turkey in product marketing and it has added a new customer to its portfolio every day.

Our company also dominates the foreign market as well as the Turkish market and it exports 50% of its production. , Saray Madeni Eşya company started to use EvimSaray by creating a new brand in 2010. With this new magic, it gained momentum beyond expectations, showed a good success in sales and brought our brand together with all housewives.

In 2015, it included CENK and ZEST brands and it has expanded its production network. With these brands, our company's goal is to sell more products to larger markets.

Our company, which has become one of the leading companies in the sector, has adopted the principle of consumer satisfaction.
